\$5,000 REWARD FOR THE POISONER.

THE Journal offers a reward of \$5,000 for information which will lead to the apprehension and conviction of the murderer of Mrs. Kate J. Adams.

Great as is the cunning of the guilty person, his cleverness seems to be reinforced by wealth, by position, by influence. The Journal enters the lists in behalf of the people, and will itself also see if money will not uncover the poisoner.

The offer is made purely in behalf of justice. It is not intended to reflect discredit upon the faithful work of the police. The sum of \$5,000 will be paid to the person who furnishes convicting information exclusively to the Journal.
